COTTON BADLY HIT BY COLD SNAP IN EARLY DAYS OF MAY

Crop All Over the Southern Producing States Is Away Below the Normal Yield.

WASHINGTON, June 1.—Cold weather in April and May hurt the cotton crop severely through the entire South.

An official statement to-day by the Department of Agriculture says: "Temperatures for many days in early May were so low that frost formed even in the southern part of the cotton belt. Much cotton was killed outright and the stand was damaged everywhere."

The condition of the crop by States follows:

Virginia, 75; North Carolina, 63; South Carolina, 70; Georgia, 66; Florida, 76; Alabama, 61; Mississippi, 66; Louisiana, 74; Texas, 74; Arkansas, 64; Tennessee, 63; Missouri, 73; Oklahoma, 77; California, 82.

Estimates by crop experts throughout the South reported to-day the condition of the 1917 crop on May 25 was but 69.5 per cent. of normal, against 77.5 on May 25, 1916, 80 in 1915, and 79.1, the ten-year average. Thus the present crop is nearly 10 per cent. lower than the average since 1904.

New High Record on Cotton Prices Here.

New high records for the season were established in the cotton market to-day after publication of Government crop report. Private reports published within the last few days had pointed to an official condition of around 71 per cent. The report of 69.5, however, indicating the poorest prospect for the beginning of the season on record was lower than expected and was followed by an excited advance from 21.17 to 21.53 for October contracts or about thirty-five points from last night's closing figures.

This made an advance of virtually 18 a bale from the low level of last February.

HAS FOUR INDICTED IN \$5,000,000 CLAIM

Bright Declares He Suffered Great Loss After Getting Railroad Concessions in Uruguay.

John J. McKelvey, Edwin C. Colwell and Alpheus H. Favour, lawyers, and Isaac B. Johnson, owner of a large iron manufacturing plant at Spuyten Duyvil, were indicted to-day for forgery in the third degree, the complainant, Charles Bright, a promoter and railroad builder, charging that he had lost \$5,000,000 as a result of their alleged activities against him. To-day's indictment was another legal step in a fight which Bright has been waging for four years.

Bright alleges that in 1911 he obtained a concession from the Government of Uruguay, South America, for the construction of a railroad, and came to this city for the purpose of organizing companies to carry on the work. He says he turned the work of organization over to McKelvey, a former companion at Harvard, and immediately returned to South America to get the work started.

While away he declares McKelvey and the others eliminated him from the project.

Lawyer Sent to Sing Sing for Swindling Fireman.

Michael P. Crowley, an attorney, also a retired and pensioned fireman, was to-day sentenced to Sing Sing by County Judge Glavin of the Bronx for not less than one year and three months nor more than seven years, upon conviction of having swindled a fireman out of \$800 on pretext of getting him on the preferred list for promotion. Crowley is fifty-eight years old and lives at No. 302 West One Hundred and Fortieth Street.
